## Remote Curriculum

## Year 11 Maths

## How it Works:

1. Find the correct week commencing row.

COMMUNITY COLLEGE
2. Find today`s day - There are 2 different lessons in each day and GCSE Examination Resources - you won't run out of work.
3. Choose a lesson - hold ctrl and click the chosen link.
a. If you don't recognise the work, it appears too difficult or the link doesn't load;
i. Try another task - look at the previous/next lesson or look at other days.
4. Some lessons have links to PowerPoints and other resources beneath the video and/or Starter Quiz (LSQ)
5. Complete any starter quizzes.
a. Write your answer down
b. Mark your answers and write down any corrections
6. Watch the videos and take notes.
7. Pause if/when instructed to do so to answer questions or respond.
8. Complete and go onto the next one.
