

## Parts of Speech - Pronouns

- Almost all words have a “part of speech”. Which part of speech a word has depends on how it is used in a sentence. Here is a list of the eight parts of speech:

**Noun Verb Adjective Adverb Conjunction Preposition Pronoun Interjection**

**Pronoun:** A pronoun is a word that is used to take the place of a noun. They make sentences shorter and easier to say.

**Example:** Jane Renada lives in a haunted house.

**Example:** She lives in a haunted house.

In this example, the word “She” is a pronoun because it takes the place of a person (Jane).
