EXPERIENCE THE EXCEPTIONAL

/

PRINCESS

Company Information

Established in 1965 in
Plymouth, UK.

Renowned for integrity of
design, engineering and
build.

Operate over 1.1 million sq
feet of production space.

Princess now builds craft
from 40 to 130 feet which
are sold through a network
of distributors and dealers in
over 65 countries

A worker in a blue protective suit and mask is working on a large, curved boat hull in a factory setting. The worker is on the left side of the frame, facing right, and is holding a tool or part of the hull. The hull is white and curved, and is supported by blue metal stands. The background shows a large industrial building with a window.

3000 Dedicated People

Our highly skilled workforce operate in some of the industries most advanced boat building facilities.

Princess also leads the industry for investment in new product and technology with an award-winning in-house design and development team of close to 200 people.

Around 80% of each Princess is designed and built in Plymouth.

We currently have 160 apprentices at Princess Yachts across a variety of trades
