

Why join BD?

# Why join BD?

## Sustaining success beyond our products

BD invites you to become an integral part of a company that makes a difference in human health, saving and improving the lives of people in all corners of the globe.

## Join BD to gain the following opportunities

- Use your creativity and entrepreneurial spirit to develop innovative solutions and products that can benefit all people around the world.
- Contribute to a company that gives significant time, talent and resources to philanthropic and charitable efforts around the world.
- Our state-of-the-art facilities around the globe provide an environment that enables our highly talented and passionate workforce to be the best at their professions. We are always seeking great people to join our company on its journey to greatness.

## Making great contributions to society

As our corporate purpose expresses, BD is committed to advancing the world of health. To continue operating as a truly world-class company, we must go beyond providing outstanding products and services to those who need them. That is why BD participates in a number of initiatives that deliver significant healthcare benefits to people around the world.

## Providing a great place to work

We believe that great people make a company a great place to work. Therefore, we are dedicated to attracting and retaining extraordinary contributors. One way we do so is by offering various initiatives and programmes that enable our associates to grow and develop their careers, receive recognition and rewards for their efforts, and achieve a healthy balance between work and life.
