

Thales Early Careers Newsletter

We have some very exciting news to share!

We are running a virtual work experience in April! This fantastic programme will take place over 3 days from Tuesday 19 April to Thursday 22 April.

This is a wonderful opportunity for students to explore what it is we do here at Thales and the great careers we have available!

During the programme you will work closely with some of our STEM Ambassadors to experience and complete a hands-on project. This programme is suitable for Yr. 11 - 13 students (England), Yr. S4 – S6 (Scotland) and 4th - 6th Yr. students (Ireland).

Not only will you complete a hands-on project, you will also partake in a series of employability workshops helping to give you a foot up in the wonderful world of careers!

Anyone with an interest in Engineering and Business are encouraged to apply.

How to apply:

To apply for our Virtual Work Experience Placement please follow the below link:
