

5 April 2019

Rachel Hutchinson
Principal

Dear Parent / Carer

Further to my recent email regarding the end of year arrangements for Year 13, below are a few updates which might be helpful:

Study spaces

Throughout the Easter break the Maythorne Study area will be open on week day mornings from 9.00am until 12.00pm (apart from Good Friday).

On our return to College after the holiday the TLRC and the Sixth Form study area will continue to be open from 8.00am until 6.00pm.

I have attached a [power point](#) which details some study tips that have been shared in assemblies recently. I hope this is useful.

Parking

We would be very grateful if you could support us by reinforcing the need for consideration when parking on College grounds. We have had a couple of incidents recently of students being unable to leave the site for medical appointments due to inconsiderate parking.

Additionally speed needs to be kept to 5 mph for safety's sake.

Apprenticeships.

For those of you who have sons/daughters who are interested in Apprenticeships there will be an Apprenticeship booklet available at the start of next term, however we have attached a [list of websites](#) that should be helpful. You can also find some useful information at <https://www.gov.uk/government/publications/a-guide-to-apprenticeships>.

If you would like any help regarding the checking of any letters of application, Tutors, Miss McGarry or Ms Daniel will read a finished draft and offer advice.

It only remains for me to wish you a happy Easter.

Best wishes,

Ms Daniel
Head of Year 13
