

# Enrichment Week 2019

Years 8 and 9

## Years 8 and 9 Enrichment Week 2019

Ivybridge Community College will once again be hosting its very own Enrichment Week for Years 7-10 for 2019.

### 1. What is Enrichment Week?

While a large proportion of Ivybridge Community College students' time is spent on ensuring their academic success, we also believe in helping students develop their characters; find out more about their interests and passions; and invest in their social, moral and cultural life skills.

The activities the College offers in Enrichment Week, including Sports, Arts, Music, Community Development and Work Experience, are perfectly placed to support this. They can help improve the students' future employability, boost self-confidence, develop leadership skills, instil self-motivation, overcome fears and help them succeed in society. They are also a fantastic way to increase students' enjoyment of College life, creating an inclusive spirit and helping build life-long memories and friendships.

### What happens?

During Enrichment Week the normal College timetable is collapsed and students are offered a range of alternative learning experiences and activities outside of the usual curriculum. Activities across Year groups include Creative Writing workshops, Football sessions, cinema trips, caving, surfing, cheerleading, Dance trips to London, and outdoor educational trips to the Ardèche.

### 2. When is it?

Monday, 1 July to Friday, 5 July 2019

### 3. Overview of the Week

Students will receive an Enrichment Week booklet via email, which includes the activities/workshops available to them on each day. The booklet will also be available on the College's website. Each Year group will follow a different timetable. Students can either design their own bespoke package of activities by choosing a different activity each day or they can sign up to two-day, three-day or whole-week ready-made packages. Each Year group will follow a different timetable. The activities/workshops are either '**on-site**' or '**off-site**'.

**On-site** activities will take place at the College and within College hours. Some will involve a cost. Consent Forms are not required. Students can still access the College Dining Hall during break and lunch times. Students can wear 'mufti' throughout the week; however, students must be in appropriate attire for practical activities.

**Off-site** activities/workshops take place outside of the College. There will be a cost for each activity to include entrance fee and transport. All parents will consent to off-site trips via registration of their child's name on ParentPay. All students will be required to bring a packed lunch and drinks. Students must prepare themselves for all weather conditions (additional clothing, water proofs, sun cream, sun hats, and sunglasses). All students attending an off-site trip must meet at the stated meeting point and time.

### What is a package?

A package is a ready-made series of related activities, spanning two days, three days, or a week. Packages have a specific theme, for example, students choosing the Criminology package would spend a whole week undertaking activities that relate to the history of crime and punishment, detectives, unresolved crimes and crime prevention.

### On-site Registration

All **Year 8** students must register each morning in the **Gymnasium** if they are taking part in on-site activities. All **Year 9** students must register each morning in the **Performance Hall** if they are taking part in on-site activities.

The Enrichment Week **timetable** will inform students and parents of the following:

- The cost
- Where to meet and pick up
- What to wear
- What to bring
- Times of the activities/workshops
- On-site or off-site activities/workshops
- Venue

### **What do you do next?**

1. View the Enrichment Week timetable in this booklet.
2. Decide on the activities/workshops or packages your son/daughter would like to participate in.
3. One activity/workshop or package must be attended every day.
4. Use ParentPay to sign up and consent to the activities/workshops or package for the week.
5. Use ParentPay to pay for the activities/workshops or packages.
6. ParentPay will create the registers of names for Enrichment Week, so it is **essential** that all parents sign up to the required package for their son/daughter.
7. See the **How to Sign Up and Payment Details** section of this booklet.

## Years 8 and 9 - How to Sign Up and Payment Details

1. Sign Up and Payment must be made using ParentPay. Please go to [www.parentpay.com](http://www.parentpay.com) and log in to activate your account and use the user name and password sent to you by the College.
2. All packages will go live on ParentPay from **Tuesday, 28 May**, from 8.30am. Please note that due to restriction with the ParentPay set up and system it is **not** possible to release the activities and packages in the evening or overnight or at one time. The activities will be individually released.
3. Select an activity/workshop or package for each day (subject to availability)
4. Payment guidelines:
  - Payments must be made in full for trips costing £45 and under
  - Payments over £45 per trip can be made in three instalments:
    - Instalment 1** – £20 deposit to secure your son/daughter's place on all activities/workshops and packages
    - Instalment 2** – 50% of the amount of all trips must be paid by Tuesday, 18 June
    - Instalment 3** – Balance of trip paid by Monday, 1 July
  - Once your payment has been processed you will be given a reference number. Please put this on the reply slip attached so we know your payment has been processed.
5. Return the reply slip to your son/daughter's Tutor by **Tuesday, 18 June**.
6. All activities/workshops have a maximum number of spaces and are offered on a 'first come first served' basis. All activities/workshops are different with regards to the number of available spaces. If an activity/workshop is full, students must choose an alternative activity.
7. Once ParentPay is completed and packages/activities are signed up for, a register will be generated for staff. Students' details will be extracted from SIMS for offsite trips to include parent contact details, medical information, and allergies. The act of registering your son/daughters for an activity/workshop/package on ParentPay, represents consent for your son/daughter to participate in that chosen activity/workshop/package.
