at

Ivybridge Community College

Enrichment is at the heart of the College. At Ivybridge Community College we value the Social, Emotional, Physical and Intellectual development of our students.

At Ivybridge Community College involvement in activities that challenge, are fun, reflect life, provide social interface, broaden knowledge, give opportunities for leadership, help build self-belief, develop social skills through teamwork, provide health benefits and promote excellence will greatly enhance the qualities of individuals involved.

All clubs will submit registers on a weekly basis. This enables us to monitor student participation rates during the academic year.
