

COVID 19 Update

It is so important that we all follow the instructions from the government: We should ALL stay at home to help stop the spread of coronavirus. There are very few reasons why anyone should leave the house now. Stay Home, Support the NHS, Save Lives.

Wellbeing

- Leave your mobile phone downstairs at bedtime.
- Try and set a routine in the mornings – get up early and do some exercise.
- Eat 3 good meals in a day and make sure you include lots of fruit and vegetables.

Try to share with your family and friends if you are feeling worried or anxious. It's always good to talk things through. Don't forget that Mrs Shore, Miss Setter and your Tutors are here to support you too.

Home Learning

It is very important that you ALL check your emails and epraise daily and keep in regular contact with your teachers and Tutors to ensure that you are fully informed of your work expectations and deadlines.

Don't forget that you have set tasks for English, Maths and Science that we would like you to submit by Wednesday, 29 April. This is so that your teachers can see how you are getting on and support you with the next steps. If you are having trouble with completing the tasks or meeting the deadline, please don't worry and just get in touch with your teacher or your Tutor. Please keep an eye on your emails and the College website for further advice on how to organise your Home Learning and what tasks you could be completing each week.
