

COVID 19 Update

Hello again for another week. As proposals for school reopening abound in the media, at the risk of sounding like a broken record, at the time of writing, there is still no official update on when schools will reopen. On another note, with St George's Day on 23 April sneaking by with little celebration in the media, I hope you take some time to reflect on the 75th anniversary of VE Day this Friday, 8 May, it is important not to forget such moments in history when we are faced with other challenges.

Weekly News Quiz

Luckily, if you are missing College and craving a bit of normality, the company that produces the weekly news quiz that we use in Tutor Block has teamed up with Socrative to deliver the quiz to you remotely. If you go to <https://b.socrative.com/login/student/> and enter the Room that I have cunningly named **SIXTHFORMQUIZ**, you can play along as usual without having to sign up to an account. Can't say fairer than that!

Greener Devon Climate Campaign

And in other news, if you are passionate about the environment and want to express your creative side, check out the details of Devon Youth Parliament's logo and poster competition to the left.

Destinations and alumni

As I mentioned last time, although we have a pretty good idea of what most of you are planning on doing after the summer, we need to collect information that is as accurate as possible. Hence, if you have not already replied, I would be really grateful if you could answer the questions in this [form](#) created by Mrs Terry. We are also really keen to keep in touch with as many of you as possible in the future and would love you to become part of our Alumni network.

There is an opportunity for you to express your interest on the form.

DEVON YOUTH
PARLIAMENT

LOGO AND POSTER COMPETITION!

Get your creative talents recognised! Your design could be the face of our Climate Campaign-'Greener Devon', and you could receive some amazing environmental goodies! We would like you to design a logo and/or a poster. We will pick one overall logo as a winner, and one poster from EACH age group(0-6, 7-11, 12-15, 16-18)

For the logo...

- Must be a circular design
- Must include our campaign name, Greener Devon

For the poster...

- We're looking for a poster to raise awareness of the environment and of what a 'Greener Devon' looks like to you

Please submit your entries to
greenerdevon@gmail.com or post on

Leavers' survey

Thanks so much to those who have completed the Year 13 Leavers' Survey. The feedback has been incredibly detailed and useful. Some themes are emerging, especially your appreciation where learning and support is personalised rather than delivered en masse, and the identification of certain barriers to your learning that are not your own fault. If you have not completed the survey yet, please could you spare five minutes to complete it by clicking [here](#).

Wellbeing

This week, Mrs Ryder would like you to think about being kind to others, with the goal being to give as many compliments as you can. You could use some of the ones in the image below.

If you receive a compliment:

- Always say thank you; don't belittle the compliment by saying the likes of 'oh, this old thing' or 'it's nothing really!'
- Reply with a compliment – this shows that you are grateful, and this will lead to more compliments!
- Don't go into too much detail! You don't need to say, for instance, that something you are wearing was on sale or second hand etc. – just accept the compliment!

Kindness during the coronavirus outbreak

As ever, please also feel free to contact Mrs Street (ssstreet@ivybridge.devon.sch.uk) or Ms Daniel (kdaniel@ivybridge.devon.sch.uk) if you would like to discuss pastoral support available.

Impact of Covid-19 on your examinations

There have been no major announcements in the last week. Remember, your results will be released as initially planned on Thursday, 13 August 2020. Hopefully, this means that we will open the College for you to receive your results in the normal way on the morning of Thursday, 13 August.

University update

If you have applied to university, this week you will have received a letter from the Universities Minister, Michelle Donelan, with an update on government support to universities and students. In case you have not read this thoroughly, highlights are as follows.

From UCAS:

- **Student finance:** Be sure to make your [student finance application](#) by the Student Loans Company's deadline of Friday, 22 May. [The University of Oxford have produced a useful [podcast on managing the cost of university](#), which you may want to listen to.]
- **Offer deadline:** You do not need to wait until the June deadline to reply to your offers – do your online research and then make your firm and insurance choices as soon as you are ready in [Track](#).

From the Universities Minister, Michelle Donelan:

- **Clearing:** There will be enhancements to the Clearing process this year. Whether you have a conditional or unconditional offer, you will have the opportunity to change your choice once you have received your grades. This will be supported by a new service that can suggest alternative opportunities, based on your qualifications, your course interest, and other preferences, helping you filter the multitude of courses in a structured way.
- **Accommodation:** Many university and private accommodation providers are waiving and reducing rents this summer, along with other efforts to support and care for their students through this difficult period. If you have already signed an accommodation contract for next year and, because of coronavirus, think it may no longer fit your requirements, you should talk directly to your housing provider. If you run into problems, you will be able to raise a complaint under one of the accommodation codes of practice, as long as your provider is a code member: [The Student Accommodation Code](#), [Unipol](#), and [National Residential Landlords Association](#).
- **Means-tested maintenance loans:** Some of your families will have seen their income reduced in recent times. If you have been awarded the maximum Maintenance Loan, you do not need to do anything, as you will receive the maximum level of support as planned. If you have applied for support, have been awarded a lower amount than the maximum, and now believe your household income for the current tax year (2020/21) will drop by at least 15% compared to the household income you provided when you were initially assessed, Student Finance England may be able to help. Further guidance on eligibility and how to apply is [available online](#).

Careers

Remember, you still have access to *Unifrog*, and you now have plenty of time to be thinking about your career if you haven't done so already. Mrs Bartlett, our Careers Advisor, is also available to give careers advice over the phone. She can be contacted in the first instance at hbartlett@ivybridge.devon.sch.uk.

Suggested home activities

LRC Home delivery service

I mentioned the College library book drop-off service last week (e-mail requests to Mrs Hull at shull@ivybridge.devon.sch.uk); this week, we have been contacted by Judy Snape from Ivybridge Library with the following message about their services:

I am writing on behalf of Ivybridge Library to tell you about some of the ways we can help you to support your students and their families during the current lockdown situation.

Our online resources

We have a range of free resources that all library members can access online:

- Download and stream free eBooks, eAudioBooks and eMagazines, with more than 3,500 titles on [Overdrive](#) (eBooks and eAudiobooks), and 1,000 unlimited use eAudiobooks through [RB Digital Devon](#).
- A selection of eMagazines are available on [RB Digital Devon](#).
- A range of eAudiobooks via [BorrowBox](#)
- Online reference resources at [Devon Libraries](#) including AncestryUK, Oxford dictionaries and Naxos music.
- Fun online content and live streaming events via social media. Check out individual library Facebook pages for more information.

Ensuring all students and their families can access our online services

All students and families that already have library membership at one of our public libraries will automatically be able to access these services. Students can be individually registered by teachers here on our [Devon Libraries website](#).

Many thanks for your continued support during this difficult time. We are very keen to help ensure that students and their families are able to continue developing their learning, read for pleasure and have access to as many helpful resources as possible. Please do get in touch if you think we can help further in any way.

Best wishes

Stretch yourself – Oxplore

Another super-curricular resource popped into my inbox this week: *Oxplore*. This is an online resource produced by the University of Oxford, marketed by them as the 'Home of Big Questions'. It aims to engage students with debates and ideas that go beyond what is covered in the classroom, reflecting the kind of thinking undertaken by students at university, from areas such as Archaeology to Zoology. If your interest is piqued, try the video [here](#); if you're sold, go straight to the website [here](#).

Continuing your Sixth Form subject learning

The message from me has not changed here: I thoroughly suggest that you continue to study your Sixth Form subjects in some form, particularly if you are going to be using the subject knowledge at a higher level, such as at university, but also in case you want to sit the proposed Autumn examinations.

To help you structure this work, and to give you some suggestions for bridging work between Sixth Form and further study, your teachers have provided information on what you can do to complete and consolidate your Sixth Form learning, and to prepare for further study in their subject areas. This is shown in the table below. Your teachers are still available for you to contact by e-mail, and if you would like further clarification, suggestions or support, please contact them.

	<p>Most university websites also have a summary of the research that they are carrying out. Have a look at your chosen university to find out about the types of research that you are likely to hear about in lectures and tutorials and try to find out more about these areas from other sources.</p>
Business Studies and Economics	<p>Revision tasks Continue to access Economics and Business independent learning in Classwork folders at: W:\2014-13\Business\INDEPENDENT LEARNING FOLDERS</p> <p>Enrichment Keep monitoring your university websites to see if they are issuing any pre-course tasks! If you are continuing your studies then I recommend for the Economists to look at the RES Economics Essay Competition. For both Economics and Business, continue to follow the news and look at the Economic and Business impact of the coronavirus which is significant and poignant at the moment. You now need to look to continuing your studies in Economics and business and we have a comprehensive independent learning folder which will allow you to systematically review your economics and business knowledge and understanding.</p> <p>Please email any one of your teachers if you have any questions. sbrooks@ivybridge.devon.sch.uk cdeacon@ivybridge.devon.sch.uk dstockley@ivybridge.devon.sch.uk ashillabeer@ivybridge.devon.sch.uk </p>
Chemistry	<p>Revision tasks Complete the end-of-chapter summary questions for any remaining units, and mark using the mark scheme in Handouts\Science\A Level Chemistry\Textbook End-of-chapter summary answers. Create a Practical revision resource for the course. One of your A Level papers is exclusively dedicated to practical skills. You have ten Practical Activity Groups (PAGs) that you have completed over the two years (see the specification). However, the best resource for structuring your revision resource is the section at the back of your textbook – cover everything in here! Also, review your PAGs and add anything from the method or, especially, the extension questions. Also, remember that this is a revision resource: only include details that are not already obvious or known to you (keep it trim!). Complete practice questions for the rest of the course. I would suggest starting with the most recent past-papers from when the specification changed; i.e. the specimen papers and the papers from 2016-2018 (you can do the AS Level and A Level ones). This will give you the best training for the question style. Then you can go into the old specification past paper questions. All of these can be found in Handouts\Science\A Level Chemistry\Past Papers. I would focus on mixed questions over specific topics (unless you spot weaknesses, and then find specific topics on Physics and Mathematics Tutor), as this is what the examination will be like.</p> <p>Enrichment If you want to take a look at some university-level chemistry content, iTunes U has a free resource from Ohio State University in America with video tutorials. It is not presented at a ridiculously high level; in fact, many of the topics will be very familiar and not take you too much further than what you already know. It is a nice bridging resource. GENCHEM by The Ohio State University https://itunes.apple.com/es/course/id529130214?l=en. </p>
Computer Science	<p>Revision tasks Any revision should review your understanding with the RAG tracker, update the Big Sheets, and of course use the Craig n Dave videos on YouTube. You can also complete all of the past papers in the folder you were given before these very unusual circumstances. All the past papers and mark schemes are on the VLE here: http://vle.ivybridge.devon.sch.uk/course/view.php?id=130 ; where QP means Question Paper and MS means Mark Scheme.</p> <p>Enrichment Research your degree and post College choices. What modules will you cover? What could you start with now to get ahead for when your courses / careers start? For Computer Science, this short set of videos is also a broad coverage of issues within Computer Science https://www.youtube.com/watch?v=CINVwWHlZY&list=PL96C35uN7xGLLeET0dOWaKHkAlPrkchaWe. French	Revision tasks and enrichment Continue to learn new vocabulary and keep your exposure to language up as much as you can. A good way to do this would be to continue to use the A-Level padlet page – it gives you the opportunity to listen to pod casts, watch French series and further develop your vocabulary and grammar https://padlet.com/jennibindon/t6zjg7nlic5t You could also keep up to date with current affairs in the French speaking world by visiting sites such as: www.lemonde.fr and www.france24.com
Geography	Revision tasks and enrichment Continue to work through the Year 13 textbook to finish off the topics you were studying. This is also available in handouts if you do not have your hard copy. You can also look at the Paper 3 example synoptic tasks in the back section. There is then a practice synoptic Paper 3, which you can have a go at. Once you have done this, have a look at the mark scheme so you can self-assess and improve your answers. Enrichment Use the A level Geography Definitive Guide saved in handouts. It is designed to prepare students for A level; however, it is extensive and offers a huge amount of information to support you in widening your knowledge of the subject so equally prepares you for further study. There are lots of suggestions for wider reading, as well as some online courses you could complete. Also check out Routes on Twitter - the UK's first open-access, peer-reviewed journal written for and by Sixth Form and undergraduate geographers. This is your opportunity to write something which could be published! In addition, you could have a go at the Queen's Commonwealth Essay Competition, saved in handouts. This year is it focused on young people's activism surrounding the issue of climate change.

Health and Social Care	Enrichment From the beginning of the outbreak of this global pandemic, the National Health Service in the UK has been at the forefront of everybody's minds and the UK's most important weapon in the fight against the virus. The general public were continuously urged to 'protect the NHS' by following the social distancing guidelines to ensure the NHS would not be overwhelmed. There has also been an outpouring of appreciation for NHS and other frontline workers for their efforts and professional response to the crisis. History	<p>Revision tasks</p> <p>As you are aware, we finished the History A Level course and intended to spend the remainder of our lessons, until Study Leave, revising for the Tudor and Russia examinations. Please spend some time consolidating and strengthening your knowledge and understanding of the Tudor and Russia components by doing the following:</p> <ul style="list-style-type: none"> ● Access the Tudor revision guide in the History section of Moodle. We recommend reading each theme eg. Economy or Religion and highlighting areas of continuity and change across the entire Tudor period, 1485-1603. ● Access the revision check lists in the History section of the Moodle. Identify a few areas that you would like to strengthen your knowledge in and use your textbooks to read about these areas. <p>Enrichment</p> <p>Why not enrich your understanding by reading and/or watching the following:</p> <ul style="list-style-type: none"> ● Access the Cambridge Tudor and Russia textbooks with a free online 90 day trial, it is really easy to sign up via your College email https://www.cambridge.org/gb/education/90-day-trial ● BBC iPlayer 'Russia with Simon Reeve' this will give you an insight into just how magnificent and interesting the Russian landscape is. ● BBC iPlayer 'The Countess and the Russian Billionaire' an interesting documentary to watch!

Media Studies	<p>Revision Access Google Classroom to go over the resources that are already there for revision. In terms of further work, on Youtube look at Media Insider and Mrs Fisher.</p> <p>Enrichment If you are doing a Media related degree, then I would recommend buying Mythologies by Roland Barthes or looking online at the work from Daniel Chandler (http://visual-memory.co.uk/daniel/). Alternatively (or in addition!), you could create a media project if your chosen course is more practical - a powerful portfolio is always an advantage. Think about creating adverts, film posters, niche websites or even something audio-visual - a lockdown trailer?!</p>
Music	<p>Revision tasks I hope you are both ok and your auditions/recalls are going well. In order to prepare for your future studies, it is important to keep the knowledge you acquired while studying A Level Music fresh and also to keep enhancing this knowledge.</p> <p>I highly recommend you keep using the revision resources saved in Handouts. Continue to answer some of the RenRec listening questions, keep analysing the set works and finally, make sure you consolidate your knowledge by creating Mind Maps etc.</p> <p>The Resources folder can be found here: V:\Performing Arts\3. Physics	<p>Revision tasks There is a wealth of resources on the school Handouts folder (Physics, Year 13) including the latest examination papers and mark-schemes. You will need to be pretty independent about honing your Physics skills, but make sure you do! Do not hesitate to be in touch with either of your teachers by e-mail, for any kind of support, from help with a question you are stuck on to anything else.</p> <p>Enrichment Hopefully you checked out the Mentoring opportunity sent separately; we would be interested to hear how it goes.</p>
Product Design	<p>Revision tasks and enrichment In order to continue your studies in Product Design, look at the interesting articles, podcasts, TV shows and a TedTalk below – all will help you to expand your design thinking!</p>

Psychology	<p>Please feel free to email us if you have any questions. astrawford@ivybridge.devon.sch.uk cnorthey@ivybridge.devon.sch.uk</p> <p>Revision tasks On the College Handouts system, all lessons from Year 1 and 2 have been uploaded for all topics. You are able to access all of this to consolidate your knowledge (found here: Handouts:\PSYCHOLOGY\7. Lessons and Content). In addition, both years' textbooks are available for you to use and review to finalise your knowledge from A-Level Psychology (Found here: Handouts:\PSYCHOLOGY\1. Textbooks).</p> <p>Enrichment We have uploaded to Handouts a document that has links to a large variety of online Psychology courses. These are provided by a range of organisations, and many of them sound really interesting, they range from attachment and Child Psychology, all the way to Social Psychology and the influence on politics. There is even one on neuroscience and the foundations of neuroimaging!</p> <p>They could be a great way to bridge the gap between A-Level Psychology and University. See the document here: Handouts\PSYCHOLOGY\8. Year 13 Closure Resource.</p>
Sociology	<p>Revision tasks Please make use of the documents and resources on handouts: <u>V:\SOCIOLOGY\A LEVEL SOCIOLOGY HANDOUTS</u> to finalise and cement all of your Sociological knowledge. We suggest the following activities:</p> <ul style="list-style-type: none"> • Use the student checklists in folder 2 to review your sociological knowledge and ensure your folders are organised and up to date

	<ul style="list-style-type: none"> • Read (and complete as necessary) the additional subject factsheets in folder 4. these have been organised in to the different units for you. There are a few so I would suggest pick out two for each unit that relates to content you felt least certain about. <p>Watch the 'some good revision videos' saved in folder 6 'Revision Resources'.</p> <p>Enrichment</p> <p>Research 'ArtActivistBarbie' and write a review to show how the typical feminine Barbie doll is now being used in museums and galleries as a feminist political protest. A lot of information on this movement can be found on Twitter.</p> <p>Enrichment</p> <p>There are a number of good sociological documentaries you can watch which will help cement your understanding of social issues and help you apply your own sociological knowledge e.g.</p> <ul style="list-style-type: none"> • The Help – looking at racial imbalances in the 1960s in America. • Made in Dagenham – an account of the Ford sewing machinists strike of 1968 that aimed for equal pay for women. • Hidden Figures – The story of a team of female African-American mathematicians who served a vital role in NASA during the early years of the U.S. space program. • Pride - U.K. gay activists work to help miners during their lengthy strike of the National Union of Mineworkers in the summer of 1984.
Spanish	<p>Revision and enrichment</p> <p>Continue to learn new vocabulary and keep your exposure to language up as much as you can. A good way to do this would be to continue to use the A-Level padlet page, it gives you the opportunity to listen to pod casts, watch Spanish series and further develop your vocabulary and grammar https://padlet.com/jennibindon/t6zjq7nlci5t</p> <p>You could also keep up to date with current affairs in the Spanish speaking world by visiting sites such as: www.elpais.es and www.elmundo.es.</p>
