COVID 19 Update

You are finally at the end of your Sixth Form journeys, and this will be the last weekly bulletin that you receive from me. Hopefully, you have all had time to watch my farewell [video message](#) sent out on Monday morning. Apologies if you caught the first version where you had to lip read! That'll teach me for trying to use recording software beyond my IT capabilities! To reiterate what I said in my message, although you are technically now off roll, please feel free to continue to send me your questions and requests for help – you'll always be one of our students! Also, I hope you were able to find the time to meet virtually with your Tutor Group to say goodbye this week. As a final plea, if you still haven't yet completed them (and I'd be very surprised if you've stayed reading these bulletins this far and haven't), click [here](#) for the Leavers' Survey, and [here](#) for the Destinations and Alumni form.

End-of-year reports

If you haven't been notified by the SIMS app, your final report is ready for you to view. You'll find a message from your Tutor and the Sixth Form team. Also, we asked your teachers who they felt had worked hard over the last two years and deserved recognition for it, and, as such, some of you have been rewarded with Endeavour certificates through the post.

Autumn examination series update

I didn't have this information in time for my video message, but this week, Ofqual has published the outcomes from its consultation on an autumn examination series, and we finally have some information on how this will work – see *Impact of Covid-19 on your examinations* section. On Monday, we will write to you about this, and include details of a leaving procedure and some information about Results Day. Following this, I will e-mail you my thoughts on the autumn exam series, which you may like to consider in terms of how they might affect you.

It is thus critical that you continue to check your College e-mails for updates – we will keep your account live until the autumn.

And so we've come to the end of the road...

So, it's unfortunate that we weren't able to have a proper leaving assembly, but at least you've been spared my rendition of Miley Cyrus's *The Climb*! I wish the very best of luck to you all in the future. Again, feel free to e-mail me if you have any questions or require further support, or use the Year 13 support e-mail: Year13Support@ivybridge.devon.sch.uk.

Wellbeing

Defusing tension

Ms Daniel's pastoral theme for the week in College has been diffusing tension; if you'd like to watch her video and get that one last CPSHE fix, please click [here](#).

As ever, please feel free to contact Mrs Street (ssstreet@ivybridge.devon.sch.uk) or Ms Daniel (kdaniel@ivybridge.devon.sch.uk) if you would like to discuss pastoral support available.

Impact of Covid-19 on your examinations

On 30 June, Ofqual published its decisions following a consultation on an additional GCSE, AS and A Level exam series for autumn 2020, following the cancellation of the summer examination series due to the coronavirus pandemic. You can read the full document [here](#), but we will write to you on Monday with a summary, and I will follow this up later in the day with some thoughts to consider.

University update

My advice for those starting in September remains the same: if you haven't already been written to, check the websites of the universities you have as your firm and reserve choices to see if they are stating their position. Don't panic: although you may have the urge to want to defer your place until the world has gone back to normal, remember that for a lot of courses where there is little practical work, online lectures and tutorials will not provide a learning experience too dissimilar from the real thing. The main thing that will be disrupted is the physical 'university experience'. It depends what is important for you.

Careers

Remember, you still have access to *Unifrog*, and you now have plenty of time now to be thinking about your career if you haven't done so already. Mrs Bartlett, our Careers Advisor, is also available to give careers advice over the phone. She can be contacted in the first instance at hbartlett@ivybridge.devon.sch.uk.

National Careers Service support

As well as your having access to *Unifrog*, The National Careers Service is available to offer support with careers, jobs and learning over the phone, [online](#) and through social media.

PwC Virtual Classroom

The professional services firm, PwC, has launched a [Virtual Classroom](#) - a programme open to all students between Years 10 and 13. The programme combines both live and pre-recorded sessions that provide students with an insight into PwC and an opportunity to develop your employability skills. You'll also have the chance to engage with a range of PwC ambassadors through the interactive live sessions, whilst enabling the flexibility to watch and listen to the recorded sessions at a time best suited to you each week.

You can find out more about the session and sign up by clicking [here](#).

Visions of a world after COVID-19

This [competition](#), run by UCL openDemocracy, launched this week, and is open to school and university students (aged 14 and up) to share their vision of the future, with prizes of £200, £100 or £50 in book tokens plus the chance for personal mentoring from the panel of some of the world's foremost thinkers and some fantastic work experience with either UCL or openDemocracy.

Entrants can submit either a written article, short video or image that describes their vision for the world after the coronavirus crisis has passed.

At the University of Plymouth, the Faculty of Science and Engineering is hosting a series of webinars aimed at A Level students to help with revision and to inspire further study. On 3 July, they will be hosting an Artificial Intelligence webinar with David Walker, Lecturer in Computer Science.

The webinar will focus on Artificial Intelligence. Giving an overview of what it is, where you may have used it without realising and why it is challenging. Throughout the webinar, David will refer to our own teaching and research at the University.

The webinar will run from 1pm – 2pm on the 3rd of July via a Zoom link, which will be sent to registered attendees. You can sign up through this link:

Continuing your Sixth Form subject learning

The message from me has not changed here, and perhaps has only been strengthened by this week's update from Ofqual: I thoroughly suggest that you continue to study your Sixth Form subjects in some form, particularly if you are going to be using the subject knowledge at a higher level, such as at university, but also in case you want to sit the proposed autumn examinations.

To help you structure this work, and to give you some suggestions for bridging work between Sixth Form and further study, your teachers have provided information on what you can do to complete and consolidate your Sixth Form learning, and to prepare for further study in their subject areas. This is shown in the table below. Your teachers are still available for you to contact by e-mail, and if you would like further clarification, suggestions or support, please contact them.

Biology	<p><i>Revision tasks</i></p> <p>You have already been emailed a link to our Biology Revision Folder (V:\Science\A-Level Biology\1. Closure Work\Year 13) where you will find past papers and exam questions broken down into their relevant modules. Spend some time looking through the areas that you have found most challenging. The specification and lesson breakdown are also in the folder in case they are useful to you.</p> <p><i>Enrichment</i></p> <p>Spend some time reading some scientific literature online that is related to your chosen field at university. Some possible websites of interest might be:</p> <p>https://www.sciencedaily.com/news/ https://phys.org/biology-news/ https://www.newscientist.com/article-topic/biology/</p> <p>Most university websites also have a summary of the research that they are carrying out. Have a look at your chosen university to find out about the types of research that you are likely to hear about in lectures and tutorials and try to find out more about these areas from other sources.</p>

<p>Business Studies and Economics</p>	<p><i>Revision tasks</i> Continue to access Economics and Business independent learning in Classwork folders at: W:\2014-13\Business\INDEPENDENT LEARNING FOLDERS</p> <p><i>Enrichment</i> Keep monitoring your university websites to see if they are issuing any pre-course tasks! If you are continuing your studies then I recommend for the Economists to look at the RES Economics Essay Competition. For both Economics and Business, continue to follow the news and look at the Economic and Business impact of the coronavirus which is significant and poignant at the moment. You now need to look to continuing your studies in Economics and business and we have a comprehensive independent learning folder which will allow you to systematically review your economics and business knowledge and understanding.</p> <p>Please email any one of your teachers if you have any questions. sbrooks@ivybridge.devon.sch.uk cdeacon@ivybridge.devon.sch.uk dstockley@ivybridge.devon.sch.uk ashillabeer@ivybridge.devon.sch.uk</p>
<p>Chemistry</p>	<p><i>Revision tasks</i> Complete the end-of-chapter summary questions for any remaining units, and mark using the mark scheme in Handouts\Science\A Level Chemistry\Textbook End-of-chapter summary answers. Create a Practical revision resource for the course. One of your A Level papers is exclusively dedicated to practical skills. You have 10 Practical Activity Groups (PAGs) that you have completed over the two years (see the specification). However, the best resource for structuring your revision resource is the section at the back of your textbook – cover everything in here! Also, review your PAGs and add anything from the method or, especially, the extension questions. Also, remember that this is a revision resource: only include details that are not already obvious or known to you (keep it trim!). Complete practice questions for the rest of the course. I would suggest starting with the most recent past-papers from when the specification changed; i.e. the specimen papers and the papers from 2016-2018 (you can do the AS Level and A Level ones). This will give you the best training for the question style. Then you can go into the old specification past paper questions. All of these can be found in Handouts\Science\A Level Chemistry\Past Papers. I would focus on mixed questions over specific topics (unless you spot weaknesses, and then find specific topics on Physics and Maths Tutor), as this is what the exam will be like.</p> <p><i>Enrichment</i> If you want to take a look at some university-level chemistry content, iTunes U has a free resource from Ohio State University in America with video tutorials. It's not presented at a ridiculously high level; in fact, many of the topics will be very familiar and not take you too much further than what you already know. It's a nice bridging resource. GENCHEM by The Ohio State University (https://itunes.apple.com/es/course/id529130214?l=en).</p>
<p>Computer Science</p>	<p><i>Revision tasks</i> Any revision should review your understanding with the RAG tracker, update the Big Sheets, and of course use the Craig n Dave videos on YouTube. You can also complete all of the past papers in the folder you were given before these very unusual circumstances. All the past papers and mark schemes are on the VLE here: http://vle.ivybridge.devon.sch.uk/course/view.php?id=130 ; where QP means Question Paper and MS means Mark Scheme.</p> <p><i>Enrichment</i> Research your degree and post College choices. What modules will you cover? What could you start with now to get ahead for when your courses / careers start? For Computer Science, this short set of videos is also a broad coverage of issues within Computer Science https://www.youtube.com/watch?v=CINVwWHlZY&list=PL96C35uN7xGLLeET0dOWaKHkAIPrkchaWe. <p>Criminology</p>	<p><i>Revision tasks</i> Please make use of the wide range of assessment materials and content resources in V:\CRIMINOLOGY to finalise and cement your Criminological understanding and knowledge.</p> <ul style="list-style-type: none"> • In the folder <u>5. TRS Examination Schemes of Learning</u> you will find resources covering the entire content of Unit 2 and Unit 4. Use the <u>0.TRS Admin</u> folders inside Unit 2 and Unit 4 to check your understanding of the topics of Unit 2 and Unit 4 and also to refresh your knowledge of the specialist vocabulary. • In the folder <u>3. Examination Workbooks</u> you will find copies of the Unit 2 and Unit 4 workbooks. Review, and complete if necessary, the activities in the workbooks. <p><i>Enrichment</i> There are a number of good Criminological documentaries and series to watch which will allow you to apply and consider your learning from Unit 1, Unit 2, Unit 3 and Unit 4. As you watch these documentaries, consider how your Criminological understanding and knowledge allow you to critically engage with the crimes and cases outlined.</p> <ul style="list-style-type: none"> • Crime and Punishment – Channel 4. <i>An inside peek into the agencies of social control we explored throughout Unit 4. Specific reference to the limitations of these agencies in achieving the aims of punishment and social control.</i> • The Capture – BBC. <i>A mystery thriller that examines the manipulation of modern surveillance technology examined in Unit 4 and how this can lead to miscarriages of justice explored in Unit 3.</i> • The Victim – BBC. <i>A series following the court trial of the mother, who is accused of inciting violence through social media in order to reveal the new identity of the man who, as a child, murdered her son with links to the debate between the Crime Control Model and Due Process Models explored in Unit 4. The series raises questions about the true aims of punishment, discussed in Unit 4, and provides an example of restorative justice, examined un Unit 2 and Unit 4.</i> • CourtTV.com – insight into the American courtrooms. Might help you further your understanding of what happens. • Prison documentaries such as Inside Prison on ITV or Prison Life on Channel 5 would give you an insight into the Prison world so you can begin to think about the process of rehabilitation and whether it is productive or not. • Now you have time, fully explore the controversial cases like Stephen Lawrence, OJ Simpson and Sean Hodgson <p>You could also complete a MOOC on criminology – there are several to choose from including Criminology: a study of doughnuts!</p>

<p>Drama and Theatre</p>	<p><i>Revision</i> Write a reflective document on your learning in A Level Drama. Design it with the idea in mind that it can be displayed on open evenings to prospective students, either as a physical handout or a visual display. It can include a comparison of your skills and knowledge at the start and end of the course. Include examples of teaching, exercises, experiences, or study practices that enabled you to achieve your outcome. This might also be advice for the prospective student reading the leaflet/display. French	<p><i>Revision tasks and enrichment</i> Continue to learn new vocabulary and keep your exposure to language up as much as you can. A good way to do this would be to continue to use the A-Level padlet page – it gives you the opportunity to listen to pod casts, watch French series and further develop your vocabulary and grammar https://padlet.com/jennibindon/t6zjq7nlci5t You could also keep up to date with current affairs in the French speaking world by visiting sites such as: www.lemonde.fr and www.france24.com</p>
Geography	<p><i>Revision tasks and enrichment</i> Continue to work through the year 13 textbook to finish off the topics you were studying. This is also available in handouts if you don't have your hard copy. You can also look at the paper 3 example synoptic tasks in the back section. There is then a practice synoptic paper 3, which you can have a go at. Once you have done this, have a look at the mark scheme so you can self-assess and improve your answers.</p> <p><i>Enrichment</i> Use the A level Geography Definitive Guide saved in handouts. It is designed to prepare students for A level; however, it is extensive and offers a huge amount of information to support you in widening your knowledge of the subject so equally prepares you for further study. There are lots of suggestions for wider reading, as well as some online courses you could complete. Also check out Routes on Twitter - the UK's first open-access, peer-reviewed journal written for and by sixth form and undergraduate geographers. This is your opportunity to write something which could be published! In addition, you could have a go at the Queen's Commonwealth Essay Competition, saved in handouts. This year is it focused on young people's activism surrounding the issue of climate change.</p>

History	<p><i>Revision tasks</i> As you are aware, we finished the History A Level course and intended to spend the remainder of our lessons, until Study Leave, revising for the Tudor and Russia examinations. Please spend some time consolidating and strengthening your knowledge and understanding of the Tudor and Russia components by doing the following:</p> <ul style="list-style-type: none"> -Access the Tudor revision guide in the History section of Moodle. We recommend reading each theme eg. Economy or Religion and highlighting areas of continuity and change across the entire Tudor period, 1485-1603. -Access the revision check lists in the History section of the Moodle. Identify a few areas that you would like to strengthen your knowledge in and use your textbooks to read about these areas. <p><i>Enrichment</i> Why not enrich your understanding by reading and/or watching the following;</p> <ul style="list-style-type: none"> -Access the Cambridge Tudor and Russia textbooks with a free online 90 day trial, it is really easy to sign up via your College email https://www.cambridge.org/gb/education/90-day-trial -BBC iPlayer 'Russia with Simon Reeve' this will give you an insight into just how magnificent and interesting the Russian landscape is. -BBC iPlayer 'The Countess and the Russian Billionaire' an interesting documentary to watch!
Maths	<p><i>Revision tasks</i> Continue to use Integral to support your independent study; your logins will continue to work until September.</p> <p><i>Enrichment</i> Further topic resources are available on MathGenie.co.uk; however, please be aware that these are aimed at the Edexcel exam board and may therefore be a little different to those you are used to. <p>Physics</p>	<p><i>Revision tasks</i> There's a wealth of resources on the school Handouts folder (Physics, Yr 13) including the latest exam papers & mark-schemes. You will need to be pretty independent about honing your Physics skills, but make sure you do! Don't hesitate to be in touch with either of your teachers by e-mail, for any kind of support, from help with a question you are stuck on to anything else.</p> <p><i>Enrichment</i> Hopefully you checked out the Mentoring opportunity sent separately; we would be interested to hear how it goes.</p>
<p>Product Design</p>	<p><i>Revision tasks and enrichment</i> In order to continue your studies in Product Design, look at the interesting articles, podcasts, TV shows and a TedTalk below – all will help you to expand your design thinking!</p>

Psychology	<p><i>Revision tasks</i> On the school Handouts system, all lessons from Year 1 and 2 have been uploaded for all topics. You are able to access all of this to consolidate your knowledge (found here: Handouts:\PSYCHOLOGY\7. Lessons and Content). In addition, both years' textbooks are available for you to use and review to finalise your knowledge from A-Level Psychology (Found here: Handouts:\PSYCHOLOGY\1. Textbooks).</p> <p><i>Enrichment</i> We have uploaded to Handouts a document that has links to a large variety of online Psychology courses. These are provided by a range of organisations, and many of them sound really interesting, they range from attachment and child psychology, all the way to social psychology and the influence on politics - There is even one on neuroscience and the foundations of neuroimaging! They could be a great way to bridge the gap between A-Level Psychology and University. See the document here: Handouts\PSYCHOLOGY\8. Year 13 Closure Resource.</p>								
Sociology	<p><i>Revision tasks</i> Please made use of the documents and resources on handouts: <u>V:\SOCIOLOGY\A LEVEL SOCIOLOGY HANDOUTS</u> to finalise and cement all of your sociological knowledge. We suggest the following activities:</p> <ul style="list-style-type: none"> • Use the student checklists in folder 2 to review your sociological knowledge and ensure your folders are organised and up to date • Read (and complete as necessary) the additional subject factsheets in folder 4. these have

	<p>been organised in to the different units for you. There are a few so I would suggest pick out 2 for each unit that relates to content you felt least certain about.</p> <p>Watch the 'some good revision videos' saved in folder 6 'Revision Resources'.</p> <p>Enrichment</p> <p>Research 'ArtActivistBarbie' and write a review to show how the typical feminine Barbie doll is now being used in museums and galleries as a feminist political protest. A lot of information on this movement can be found on Twitter.</p> <p><i>Enrichment</i></p> <p>There are a number of good sociological documentaries you can watch which will help cement your understanding of social issues and help you apply your own sociological knowledge e.g.</p> <ul style="list-style-type: none"> • The Help – looking at racial imbalances in the 1960s in America • Made in Dagenham – an account of the Ford sewing machinists strike of 1968 that aimed for equal pay for women • Hidden Figures – The story of a team of female African-American mathematicians who served a vital role in NASA during the early years of the U.S. space program <p>Pride - U.K. gay activists work to help miners during their lengthy strike of the National Union of Mineworkers in the summer of 1984.</p>
Spanish	<p><i>Revision and enrichment</i></p> <p>Continue to learn new vocabulary and keep your exposure to language up as much as you can. A good way to do this would be to continue to use the A-Level padlet page – it gives you the opportunity to listen to pod casts, watch Spanish series and further develop your vocabulary and grammar</p> <p>https://padlet.com/jennibindon/t6zja7nlci5t</p> <p>You could also keep up to date with current affairs in the Spanish speaking world by visiting sites such as: www.elpais.es and www.elmundo.es.</p>
