

Certificate/Extended Certificate in Applied Business

Key contact: Mrs S Brooks (Head of Business)
Exam Board: AQA

Overview of the course:

This Applied Business course is real and relevant. It will give you the chance to visit a real business and look at how they operate in preparation for exploring how to set up your own business.

The course provides a broad understanding of business knowledge and skills to support progress to higher education and employment, and can be studied alongside other Level 3 qualifications, i.e. A Levels and/or other Level 3 Vocational qualifications

It will prepare students to take up employment in business and entrepreneurship, either directly after achieving the qualification or via higher education at university or college.

Studying the Applied Business Studies course will enable students to develop the fundamental knowledge and skills recognised as most important by higher education and employers.

It also offers students an opportunity to develop transferrable skills, such as teamwork, research and communication as part of their applied learning.

What will you study?

It covers the fundamental business and entrepreneurial knowledge and skills associated with work within a business enterprise.

Students will undertake a programme of assessments designed to measure not only their knowledge and understanding of business, but also the way in which this knowledge and understanding can be applied to shape their practical skill in thinking and establishing their own business.
